## Ohio University (OU) Public Outreach Project Timeline

### Summer 2010-Fall 2011

- Attend Site Specific Advisory Board (SSAB) Full Board meetings and SSAB subcommittee meetings. Present updates on our progress to SSAB as requested/as appropriate.

### Summer-Fall 2010

- Identify and interview persons involved with Portsmouth Gaseous Diffusion Plant (PORTS) to inform OU outreach efforts.
- Conduct outreach activities at county fairs and other public events in the 4 county area around PORTS
  - To educate the public on OU's role and outreach process
  - To gather contacts for persons interested in participating in end-state visioning teams that will meet in the fall of 2010. These teams will convene to develop future use/end-state scenarios for PORTS.
- Conduct focus groups to assist in the development of a public opinion survey related to issues/concerns/hopes for the future use of PORTS.
- Develop and pilot test the phone survey.

### Fall 2010

- Administer phone survey to residents of the labor market area (4 county region of Pike, Ross, Scioto, and Jackson Counties) about perceptions/ideas/concerns of the future use of the site.
- Develop and administer a separate survey to administer to current employees at the site.

### Winter-Spring 2011

- Convene visioning teams and hold public meetings to develop possible end-state scenarios to be presented to Department of Energy (DOE).
- Continue outreach activities.

### Spring of 2011

- Present and discuss end-state scenarios with the general public and submit scenarios to DOE.

### Summer-Fall of 2011

- Submit report of public outreach activities.

### Website

- OU will post information and updates on our outreach project.
- The site will gather input from the public on the OU outreach process and gather ideas for future use of the PORTS site.
